A welcome from KBCCI CEO Simone de Been

At the beginning of the year we have a lot of new people who come to the City of Kalgoorlie-Boulder looking for change in their lifestyle. Whether it be for family, financial or just an escape from the city, the Goldfields has a lot to offer.

The Explore the Goldfields Community Expo is a great way for new residents to see what opportunities our City has to offer. With many varied organisations to get involved in, the Expo will be showcasing sporting and community groups and what they are about. This is also an excellent way to get to meet likeminded people in the area to be involved with. There will be giveaways, demonstrations, entertainment and face painting for kids.

Whether your interest is in sport, history, public speaking, joining a community group or club there will be something for you. This is the ideal event for community groups and sporting clubs to recruit new members and let the community know what you and your organisations has to offer. This is your chance to stand out from the crowd and invite new members to be a part of your team.

I would like to take the opportunity and thank our major sponsor Gold Industry Group, our silver sponsor Goldfields Money and our bronze sponsor Evolution Mining.

A welcome from KBCCI President Kyran O'Donnell

This great community event is one of my favourites on the calendar and also one of the most important. Every year I take my family down to see all the different community & sporting groups etc to see what Kalgoorlie Boulder continues to offer and it's always a great morning making St Barbara's Square come alive. We've enrolled our kids in different sporting clubs & community groups off the back of attending in recent years. It's a great family friendly event with so much variety giving not only long-term locals but new residents of our town the chance to see how much this region truly can offer. I look forward to seeing a big crowd and getting around and chatting to all the stall holders.

EXPERIENCE GOLD

TAKE A WALK IN PADDY'S SHOES ON A VIRTUAL GOLD ADVENTURE!

Unearth the golden secrets of the Goldfields region in the free Heart of Gold Australia app. Embark on a journey of discovery at unique gold experiences nearby including local tours, attractions and self-guided adventures like the Kalgoorlie #heartofgold Discovery Trail. Dive into augmented reality treasure hunts, watch exclusive videos from nearby gold mines, learn the evolution of gold mining processes, use interactive widgets, listen to untold stories and much more!
